### Professional Experience:

Healthy Interactions Inc.

Nov 2010 – Aug 2011

- Created animations for online e-learning modules
- Illustrated storyboards to convey the ideas and information in the scripts
- Utilized Flex to update and compile the SWCs used for the e-learning modules
- Coded interactive activities and various actions within Flash
- Synched audio files to animations within the e-learning modules

Design Mill Inc.

Sept 2009 – Oct 2010

- Animated various buttons and logos
- Developed e-learning programs
- Produced a demo reel to highlight recent company projects
- Created storyboards for training Marines on how to operate vehicles and weapons

Ty Inc.

Mar 2008 – Apr 2009

- Animated interactive characters and objects for an on-line virtual world
- Designed avatars by drawing turnarounds based off of plush toys
- Created promotional videos for trade shows and in-store displays
- Painted textures for 3D rooms and other 3D assets for the on-line 3D virtual world

### Freelance Experience:

Webmaster for IncredibleBats.com and PetersonBuildersInc.net

Mar 2008 – Present

- Communicated with owners to achieve a desirable new look for their site
- Developed websites in Dreamweaver from mock-ups created in Photoshop
- Created educational interactive Flash elements
- Responsible for all maintenance of the websites and SEO
- Utilized jQuery Mobile to create a mobile version of the existing website
